To women

To those who are mothers, to those that are not,
daughters, sisters, friends.....

To those who cry, those who love, those who fight,
those who work, those who have faith, those that
pray, sing.....

To the strong ones and the weak.....
to those who fought and those who fight for
freedom and equality.....

To women

To those who work in the field, in the city or in the
factory, in the office or on the street.....

To the one that committed the first Original sin,
though we are well remembered in sacred
history.....

To the ones that are defending natural rights.....
also to those who love animals.....

To women

To women who have children and who lost, those who fight for free expression and opinion, to political and journalists, writers and poets.....

To those who dream awoken and asleep, To the ones that transform homesickness into hope and heartbreak into illusion.....

To women

To those who breathe the air of pollution.....
to women who work for life not be a storybook. To
those that with their strength, their enthusiasm
and overcoming.....
their kisses, love and tenderness.....
everything is reached.

Let's live as women fighters and women workers.

ONLY ONE WOMAN HAS THE ABILITY TO REINVENT HERSELF MANY TIMES, AND TO GET RID OF THE BAD, KEEPING THE GOOD. YOU CAN DO IT. ONLY WHEN I LEARNED TO VALUE, MY LIFE CHANGED I AM NOW A SAFE AND LOVED WOMAN.
